MAGOTHY TECHNOLOGY, LLC

Magothy Technology is a Baltimore based independently owned and operated small business that delivers large results for its clients. With more than 38 years of experience in the information technology arena, our clients benefit from industry experts in services provided and proven products offered.

Founded in 2002, Magothy's journey has been marked by the continuous pursuit of excellence in solving our customers' Information Technology problems and providing them with access to a broad array of expertise across various technology disciplines.

In growing companies, enterprise headquarters, remote sites, and co-location facilities-ensuring business-critical continuity is imperative. The Magothy,

Liebert/Emerson Network Power team solutions uphold and protect the speeds and feeds in our client's office space, server rooms, data centers, network closets, network operations centers, production facilities and telecom/distribution areas. These areas are the critical HEART BEAT of any organization. Magothy Technology provides the expertise in keeping the pulse of these organizations flowing efficiently.

This is Magothy Technology's Core Competency.
